SUBJECT: DRAFT HUD ENVIRONMENTAL REVIEW REGULATION FOR COMMENT

Dear Tribal Leader:

The U.S. Department of Housing and Urban Development (HUD) invites your Tribe to engage in government-to-government consultation during the re-drafting of its environmental regulations that affect HUD's Indian programs.

Streamlining or eliminating duplicative or burdensome regulations is a federal priority, and HUD's Government-to-Government Tribal Consultation Policy calls for consultation with Tribal Nations and Tribal Leaders at the beginning of the regulation drafting process. HUD remains committed to working closely with federally recognized tribes on formulating policies that affect them. HUD's Office of Environment and Energy is leading this effort to streamline environmental review regulations.

HUD's "Dear Tribal Leader" letter, dated May 16, 2018, initiated tribal consultation on HUD's re-drafting of its environmental review regulations. A comment period and a webinar and conference call was announced. That letter is available [here](#) on the HUD Office of Native American Programs (ONAP) Codetalk website.

HUD considered the comments and incorporated them to the extent possible in a draft rule. Many of the recommendations received either would not require regulatory action or are not within HUD's authority to change, so the Department is considering publishing new guidance or engaging in interagency collaboration to address those recommendations. HUD will post the comments and their responses soon.

With this letter, HUD invites tribal leaders to participate in a 60-day comment period on HUD's draft rule to streamline environmental review regulations at 24 CFR Parts 50, 51, 55, and 58, attached. Also attached is a summary of the major changes being considered and explanations for those proposals. This 60-day comment period is prior to, and in addition to, the standard public comment periods associated with publishing rules in the Federal Register. There will be further opportunities to review and comment on the proposed rule when it is published in the *Federal Register*.

HUD invites Tribal officials to provide comments and input during a webinar and conference call on September 5 and September 26, at 2 p.m. EDT.
