Homeowner Assistance Fund Plan

For Participants with Allocations Under \$5 million

Introduction and Purpose

Welcome to the U.S. Treasury Department's submission portal for the Homeowner Assistance Fund (HAF) Plan.

In the HAF, an eligible entity (the "Participant") is (1) a state, the District of Columbia, or U.S. territory; (2) the Department of Hawaiian Home Lands; (3) each Indian tribe (or, if applicable, the tribally designated housing entity of an Indian tribe) that was eligible for a grant under Title I of the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4111 et seq.) for fiscal year 2020; and (4) any Indian tribe that opted out of receiving a grant allocation under the Native American Housing Block Grants program formula in fiscal year 2020.

A HAF Participant may submit its HAF Plan using this portal only if the Participant's HAF Allocation is less than \$5 million. Tribally Designated Housing Entities may submit a HAF Plan using this portal only if the submission is on behalf of HAF participants that have each been allocated less than \$5 million in the HAF. **If a HAF Participant has been allocated \$5 million or more, a different template has been made available for larger allocations.**

In the fields below, you will submit your HAF Plan, organized around the following plan elements:

- Homeowner Needs and Community Engagement
- Program Design
- Performance Goals
- Readiness
- Budget

After completing the form, please click on the DocuSign button to sign and submit the HAF Plan.

Once the HAF Plan is submitted, Treasury will review the plan. Treasury may approve a HAF Plan in whole or in part. If Treasury identifies weaknesses in any elements of your HAF Plan, the Participant will be provided an opportunity to revise and resubmit those elements. Upon Treasury's approval of the HAF Plan, Treasury will initiate steps to transmit the requested allocation amount. Treasury will evaluate HAF Plans as described in the HAF guidance, available at <https://home.treasury.gov/system/files/136/HAF-Guidance.pdf>. Please refer to the HAF guidance for definitions of terms used in this portal and additional information regarding the HAF.

Homeowner Needs and Community Engagement

What Quantitative Data Has Informed the Participant's Planning?

Treasury will assess the extent to which a Participant has, in the course of its HAF planning process, relied on quantitative data and community input to inform the design of its HAF Plan.

In its HAF planning process, has the Participant obtained quantitative data from mortgage servicers, private data providers, government entities, community-based organizations or other sources to inform its planning about how to target and best serve eligible homeowners with mortgage delinquencies, defaults, foreclosures?

- Yes
- No

If yes, please list and briefly describe each source of quantitative data.

Examples:

- Data provided by Treasury – Treasury provided data, contributed by a number of federal agencies, including information on mortgage delinquencies and forbearances, breakdowns by demographic factors, and concentration among mortgage servicers.
- Data from on Mortgage Servicing – The Participant has entered into a data sharing agreement with Mortgage Data Company to obtain regularly updated data on mortgage delinquency among private-held mortgages.

Has the Participant requested and received input on its HAF planning process from tribal councils, community-based organizations, providers of housing counseling, or providers of legal assistance to homeowners facing foreclosure or displacement? Y/N

If yes, please list the tribal councils, community-based organizations, or providers, including each organization’s address and a website if available.

Program Design

What are the Program Design Elements Through Which the Participant Will Deliver HAF Assistance to Eligible Homeowners?

A program design element is a specific activity or program, which is consistent with a qualified expense category, under which a Participant will disburse HAF funds in accordance with the HAF Plan. Please note that multiple program design elements may fit under a single qualified expense category; for example, a mortgage assistance program that has different terms for federally backed mortgages and manufactured-home mortgages may constitute two separate program design elements, for which case the Participant provides a separate term sheet or other description for each program design element.

HAF participants must have at least one program design element intended to reduce mortgage delinquency among targeted populations. Treasury encourages HAF participants to consider program design elements that address homeownership preservation for targeted populations in areas where there is a sustained trend of increasing property taxes or utility costs, including for households that do not have mortgages.

Please identify each qualified expense category in which the Participant will offer a program design element by checking the boxes below.

- mortgage payment assistance;
- financial assistance to allow a homeowner to reinstate a mortgage or to pay other housing-related costs related to a period of forbearance, delinquency, or default;
- mortgage principal reduction, including with respect to a second mortgage provided by a nonprofit or government entity;
- facilitating mortgage interest rate reductions;
- payment assistance for homeowner's utilities, including electric, gas, home energy, and water;
- payment assistance for homeowner's internet service, including broadband internet access service, as defined in 47 CFR 8.1(b);
- payment assistance for homeowner's insurance, flood insurance, and mortgage insurance;
- payment assistance for homeowner's association fees or liens, condominium association fees, or common charges;
- payment assistance for down payment assistance loans provided by nonprofit or government entities;
- payment assistance for delinquent property taxes to prevent homeowner tax foreclosures;
- measures to prevent homeowner displacement, such as home repairs to maintain the habitability of a home or assistance to enable households to receive clear title to their properties.

For each program design element that the Participant will offer, the Participant is required to upload a term sheet or other description that, at a minimum, provides the following information regarding that program design element. Term sheets for all of Participant's HAF programs may be uploaded together as one document.

- **Brief description** – Explain how the funds will be used (e.g., what type of homeowner expense the funds will be used for). If applicable, describe how the funds may be used in combination with other assistance programs (e.g., loan servicer loss-mitigation programs).
- **Maximum amount of assistance per homeowner** - Specify the maximum amount of assistance that each homeowner will be eligible to receive under the program design element.
- **Eligibility criteria and documentation requirements** – Explain all homeowner, mortgage, property, or other eligibility criteria for the program design element (other than the mandatory eligibility requirements set forth in the HAF guidance). In addition, list any documentation that will be required from homeowners to establish such eligibility. Provide a justification for each additional eligibility or documentation requirement beyond those required under the HAF guidance, including an explanation of how the Participant determined that such requirement will not create barriers to participation for eligible households.
- **Form of assistance** – Indicate whether the funds will be provided in the form of grants, forgivable loans, or other assistance. If the funds will be provided through forgivable loans, specify the terms for forgiveness. If the Participant proposes to provide the assistance in a form other than grants or forgivable loans, provide the reasoning for the proposed terms. If the Participant proposes to establish a home repair program, explain all criteria that will be used to determine whether a homeowner is eligible for the program (e.g., contractor licensing, repair contract requirements, zoning).
- **Payment requirements** – Indicate to whom payments will be made (e.g., to homeowners or to a third party) and any additional requirements there may be to complete a payment (e.g., bulk payment requirements for

payees, method of determining amount of payment).

A HAF participant may elect to revise its HAF Plan over time to add or subtract program design elements. Does the Participant anticipate adding additional program design elements to this HAF Plan within one year of this submission?

- Yes
- No

Documentation of Homeowner Income

Homeowners are eligible to receive amounts allocated to a HAF participant under the HAF only if they have incomes equal to or less than 150% of the area median income or 100% of the median income for the United States, whichever is greater. In addition, not less than 60% of amounts made available to each HAF participant must be used for qualified expenses that assist homeowners having incomes equal to or less than 100% of the area median income or equal to or less than 100% of the median income for the United States, whichever is greater. The HAF guidance describes permissible ways for HAF participants to determine homeowner income.

Under the HAF guidance, one permissible approach for determining income is for (1) the household to provide a written attestation as to household income and (2) the HAF participant to use a reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household’s geographic area. Will the Participant allow income to be determined in this way?

- Yes
- No

If yes, please describe the fact-specific proxy or proxies to be used for the income determination.

Under the HAF guidance, HAF participants may provide waivers or exceptions to this documentation requirement as reasonably necessary to accommodate extenuating circumstances, such as disabilities, practical challenges related to the pandemic, or a lack of technological access by homeowners; in these cases, the HAF participant is still responsible for making the required determination regarding household income and documenting that determination. Will the Participant allow applicants to request such waivers or exceptions?

- Yes
- No

- Loans Secured by Manufactured Housing (secured by real estate or a dwelling)

If the Participant excludes any of the forgoing mortgage types from one or more program design elements, explain the exclusion.
